Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Chapter 1490 of the MPEP states "If two (or more) pending applications are filed, in each of which a rejection of one claimed invention over the other on the ground of provisional obviousness-type double patenting (ODP) is proper, the ODP rejection will be made in each application. If the ODP rejection is the only rejection remaining in the earlier filed of the two pending applications, (but the later-filed application is rejectable on other grounds), the examiner should then withdraw that rejection and permit the earlier-filed application to issue as a patent without a terminal disclaimer. If the ODP rejection is the only rejection remaining in the later-filed application, (while the earlier-filed application is rejectable on other grounds), a terminal disclaimer must be required in the later-filed application, before the ODP rejection can be withdrawn.

If the ODP rejections in both applications are the only rejections remaining in those applications, the examiner should then withdraw the ODP rejection in the earlier filed application thereby permitting that application to issue without need of a terminal disclaimer. A terminal disclaimer must be required in the later-filed application before the ODP rejection can be withdrawn and the application be permitted to issue."

Copending applications 10814584 and 11094510 have both been rejected on the grounds of provisional obviousness-type double patenting. According to the MPEP as stated above, the earlier-filed application, 10814584, is to be issued without a terminal disclaimer.

The terminal disclaimer filed 1/9/2007 and originally approved 2/1/2007 has been determined to be improper since the two copending applications have not been proven to be commonly owned. See petition decision mailed 7/25/2007. However, a terminal disclaimer is not needed in order for this application to be issued.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
